Dear Graduate College:

_____/_____
(Student Name) (Student UID)

would have satisfied the academic residency requirement under the old “academic residency” policy, which changed beginning spring 2014. (S)he does not satisfy the new academic registration policy (See: <http://www.grad.uiowa.edu/manual-part-1-section-xii-doctors-degrees>, section C.)

We understand all current Graduate College students, regardless of when they started their graduate studies, are held to the new academic registration requirement; however, we request that this student be allowed to satisfy the requirement guidelines of the old policy for the reason(s) outlined below.

Thank you.

Signed by DEO/DGS
